

Soil & Souls is mission education designed to strengthen your relationship with God by healing your relationship with the land and sharing that healing experience with another community.

We can redeem the land once we love it. We can love the land once we know it...

Leader's Questionnaire

The Soil & Souls program is a training for trainers. The exercises you are asked to perform will increase your knowledge base and spiritual awareness in a way that is easy to transfer to your team. Answer the questions you find easy and ask Rev. Dele about the questions you find difficult or confusing. *Enjoy!*

KNOW THYSELF - contemplation

How much time do I spend in nature each day? each week? each month?

What are your three favorite scriptures related to the land and why?

What nature lesson(s) do I enjoy passing onto others the most?

What ecosystem did God place you in to serve and preserve?

Describe your watershed where you live? If you don't know it go to "surf your watershed" online

It has been said that all prophets were graduates of MNU (Mother Nature University). Do you find any evidence in the Bible that is true?

BROTHERS AND SISTERS KEEPERS - community outreach

Who do you know upstream from you? towns/human social groups/birds/herds/small mammals

Who do you know downstream from you? towns/human social groups/birds/herds/small mammals

Who and what do I face when the sun is rising? Are they content or troubled?

Who and what do I face when the sun is setting? Are they content or troubled?

SERVE AND PRESERVE THE EARTH - permaculture education

What is the date of our first frost and last frost?

What type of soil are we growing in? What are the benefits and challenges growing in this type of soil?

Name 3 native plants that prefer to be planted in the fall and three that prefer the spring

Which birds love to feast on their seeds?
